This Rate and Fee Disclosure explains current terms, rates and fees applicable to the savings, checking and certificate accounts we offer. We may offer other rates and require other fees or amend the rates and fees, as explained in this disclosure, from time to time. Each owner on an account agrees to the terms described in this Rate and Fee Disclosure and acknowledges that it is a part of the Member Service Agreement (MSA).

* IRA and HSA Accounts are available. Please contact us for enrollment forms.

** Certificates over \$35,000 will receive the listed "Jumbo" rate. All others will receive the standard rate.

Explanation of Rates & Fees

As explained in the MSA, this Rate and Fee Disclosure applies to all the accounts we offer. Except as specifically described, the following terms apply to all of the accounts you have with us.

1. Rate Information

The Dividend Rate and Annual Percentage Yield on the accounts are set forth above. The Dividend Rates and Annual Percentage Yields are the prospective rates as of the effective date shown above. Christmas and Vacation club accounts are Tiered Rate accounts. For these accounts, the specified Dividend Rate for a tier will apply only to the portion of the account balance that is within that tier. The annual percentage yields, which vary depending on the balance in the account, are shown for each tier. Share, Business Share, Checking, and Money Market accounts are also Tiered Rate accounts. For these accounts, if the balance falls within the range for a particular tier, the dividend rate applicable to that tier will apply to the full balance in the account. For all accounts except certificate accounts, the Dividend Rate and Annual Percentage Yield may change at any time as determined by the Board of Directors. For Certificate Accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings. For Rate Bump Certificate accounts, you may increase (or “bump”) your dividend rate to the dividend rate in effect for accounts of the same term at the time you bump the rate. You may bump the dividend rate once during each account term.

2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period. The Dividend Rate and Annual Percentage Yield identified above are the rates and yields for the last dividend period, as shown above.

3. Compounding and Crediting

Dividends will be compounded and credited as set forth above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period. For Christmas Club accounts, the dividend period begins on November 1 and ends on October 31. For Vacation Club accounts, the dividend period begins on May 1 and ends on April 30.

4. Accrual of Dividends

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to an account you have with us. If you terminate the account before accrued dividends are credited, accrued dividends will not be paid.

5. Balance Information

The minimum balance required to open each account, earn the stated Annual Percentage Yield, and avoid a service fee is set forth above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For Money Market, Certificate Builder, Checking, Traditional/Roth IRA Savings and Health Savings Accounts, dividends are calculated using the Daily Balance method, which applies a periodic rate to the balance in the account each day during the period. For all other accounts, dividends are calculated using the Average Daily Balance method, which applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period.

6. Account Limitations

For all savings and money market accounts, you may not make more than six (6) covered *transactions* per month. Covered *transactions* include your checks, transfers initiated through online banking or mobile banking, ACH transfers, merchant point of sale

transactions, preauthorized or automatic transfers, and overdraft protection transfers. Transfers to pay a loan with us are not covered by this limit. The date we use to determine the number of *transactions* is the date a *transaction* is posted to (actually credited to or debited from) an account, rather than the date you initiate the *transaction*. If you exceed this limit, we may refuse or reverse the *transaction*, and we may impose a charge as specified in the listing of service charges provided below. If you repeatedly exceed this limit, we may terminate the account.

For Christmas Club accounts, the entire balance will be paid to you by check or transferred to another account with us on or after November 1 and the account will remain open. If you withdraw from the account, you will be charged a fee as disclosed in the Fee Schedule. For Vacation Club accounts, the entire balance will be paid to you by check or transferred to another account with us on or after May 1 and the account will remain open. If you withdraw from the account, you will be charged a fee as disclosed in the Fee Schedule. For Certificate Builder Club accounts, you are required to make monthly deposits to the account. Once the balance in the account reaches \$500, we will automatically transfer the funds to a certificate account with a term specified by you at the time you open the Certificate Builder Club account. For Visa Builder Club accounts, any withdrawal from the account is subject to a fee as disclosed in the Fee Schedule. Once the available balance in the account reaches \$500, we will automatically freeze \$500 as security for your credit card in accordance with your signed pledge of shares agreement. Frozen or pledged funds are no longer included in your available balance. You may continue to make additional deposits to the account and can withdraw any available funds. Each time your available balance exceeds \$500, we will automatically freeze an additional \$500 as security for a credit line increase on your secured credit card. For Checking accounts, no account limitations apply.

7. Certificate Account Features

a. Account Limitations

After the account is opened, you may not make additional deposits to a Certificate account, except for Rate Bump certificates.

b. Maturity

The Certificate Account you have with us will mature on the maturity date identified on your Account Receipt or Renewal Notice.

c. Early Withdrawal Penalty

We may impose a penalty if you withdraw any of the principal of the Certificate Account before the maturity date.

1) Amount of Penalty. The amount of the penalty is based on the account term. For account terms of 12 months or less, the penalty is 90 days' dividends on the amount withdrawn. For account terms of more than twelve months, the penalty is 180 days' dividends on the amount withdrawn.

2) How the Penalty Works. The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned at the nominal rate on the account. It applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividends have already been paid, the penalty will be deducted from the principal.

3) Exceptions to Early Withdrawal Penalties. At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction. Where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after establishment or where the account is an IRA and the owner attains age 59½ or becomes disabled and begins making periodic withdrawals.

d. Renewal Policy

Certificate accounts are automatically renewable. After the certificate matures, you have a grace period of ten (10) days in which to withdraw the funds without penalty.

e. Nontransferable/Nonnegotiable

The account(s) you have with us is/are nontransferable and nonnegotiable. This means that an account and the funds in the account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

8. Fees for Overdrawing Accounts

Fees for overdrawing the account may be imposed on each check, draft, item, ATM transaction and one-time debit transaction (if you have consented to overdraft protection for ATM and one-time debit card transactions), debit card point of purchase, preauthorized automatic debit, telephone initiated withdrawal or any other electronic withdrawal or transfer transaction that is drawn on an insufficient available account balance. The entire balance in the account may not be available for withdrawal, transfer or paying a check or item. You may consult the Funds Availability Disclosure for information regarding the availability of funds in the

account. Fees for overdrawing the account may be imposed for each overdraft, regardless of whether we pay or return the check, draft, item or transaction. If we have approved an overdraft protection limit for the account, such fees may reduce your approved limit. Please refer to the Fee Schedule for current fee information. For ATM and one-time debit transactions, you must consent to our overdraft protection service (Courtesy Pay) in order for the transaction amount to be covered. Without your consent, we may not authorize and pay an overdraft resulting from these types of transactions. Services and fees for overdrafts are shown in the Fee Schedule and the Overdraft Services and Fees Disclosure.

9. Membership

As condition of membership, you must purchase and maintain the minimum required share(s).
