\* IRA and HSA Accounts are available. Please contact us for enrollment forms.

\*\* Certificates over \$35,000 will receive the listed "Jumbo" rate. All others will receive the standard rate.

\*\*\* Business CD rates are 80% of same term consumer rate, rounded to the nearest 5bp.

## Truth in Savings Disclosures

Except as specifically described, the following disclosures apply to all of the accounts:

### 1. Rate Information

The Dividend Rate and Annual Percentage Yield on your accounts are set forth above. The Dividend Rates and Annual Percentage Yields are the prospective rates as of the effective date shown above. Christmas and Vacation club accounts are multi-tiered rate accounts. For these accounts, the dividend rate will apply only to the portion of the balance that is within the balance range for that tier. Share, Checking, and Money Market accounts are single-tiered rate accounts. For these accounts, the dividend rate will apply to the entire balance that is within the range for that tier. For all accounts except certificate accounts, the Dividend Rate and Annual Percentage Yield may change at any time as determined by the Board of Directors. For Certificate Accounts, the Dividend Rate and Annual Percentage Yield are fixed and will be in effect for the term of the account. For Certificate accounts, the Annual Percentage Yield is based on an assumption that dividends will remain on deposit until maturity. A withdrawal of dividends will reduce earnings. For Rate Bump Certificate accounts, you may increase (or "bump") your dividend rate to the dividend rate in effect for accounts of the same term at the time you bump the rate. You may bump the dividend rate once during each account term.

### 2. Nature of Dividends

Dividends are paid from current income and available earnings after required transfers to reserves at the end of a dividend period.

### 3. Compounding and Crediting

Dividends will be compounded and credited as set forth above. For dividend bearing accounts, the Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period. For Christmas Club accounts, the dividend period begins on November 1 and ends on October 31. For Vacation Club accounts, the dividend period begins on May 1 and ends on April 30.

### 4. Accrual of Dividends

Dividends will begin to accrue on noncash deposits (e.g., checks) on the business day you make the deposit to your account. If you close your account before accrued dividends are credited, accrued dividends will not be paid.

### 5. Balance Information

The minimum balance required to open each account, earn the stated Annual Percentage Yield, and avoid a service fee is set forth above. If you do not maintain the minimum balance, you will not earn the stated Annual Percentage Yield. For Money Market, Certificate Builder, Checking, Traditional/Roth IRA Savings and Health Savings Accounts, dividends are calculated using the Daily Balance method, which applies a periodic rate to the balance in the account each day during the period. For all other accounts, dividends are calculated using the Average Daily Balance method, which applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period.

### 6. Account Limitations

For all accounts except Checking accounts, no more than six preauthorized, automatic, electronic, internet, telephone or mobile transfers may be made from these accounts to another account of yours or to a third party in any month. If you exceed these limitations, your account may be subject to a fee or be closed. For Christmas Club accounts, the entire balance will be paid to you by check or transferred to another account of yours on or after November 1 and the account will remain open. If you withdraw from your account, you will be charged a fee as disclosed in the Fee Schedule. For Vacation Club accounts, the entire balance will be paid to you by check or transferred to another account of yours on or after May 1 and the account will remain open. If you withdraw from your account, you will be charged a fee as disclosed in the Fee Schedule. For Certificate Builder Club accounts, you are required to make monthly deposits to your account. Once the balance in the account reaches \$500, we will automatically transfer the funds to a certificate account with a term specified by you at the time you open your Certificate Builder Club account. For Visa Builder Club accounts, any withdrawal from your account is subject to a fee as disclosed in the Fee Schedule. Once the available balance in your account reaches \$500, we will automatically freeze \$500 as security for your credit card in accordance with your signed pledge of shares agreement. Frozen or pledged funds are no longer included in your available balance. You may continue to make additional deposits to your account and can withdraw any available funds. Each time your available balance exceeds \$500, we will automatically freeze an additional \$500 as security for a credit line increase on your secured credit card. For Checking accounts, no account limitations apply.

### 7. Certificate Account Features

#### a. Account Limitations.

After your account is opened, you may not make additional deposits to a Certificate account, except for Rate Bump certificates.

#### b. Maturity.

Your Certificate account will mature on the maturity date set forth on your Account Receipt or Renewal Notice.

#### c. Early Withdrawal Penalty.

We may impose a penalty if you withdraw any of the principal of your Certificate account before the maturity date.

**i. Amount of Penalty.** The amount of the penalty is based on the account term. For account terms of 12 months or less, the penalty is 90 days' dividends on the amount withdrawn. For account terms of more than twelve months, the penalty is 180 days' dividends on the amount withdrawn.

**ii. How the Penalty Works.** The penalty is calculated as a forfeiture of part of the dividends that have been or would be earned at the nominal rate on the account. It applies whether or not the dividends have been earned. In other words, if the account has not yet earned enough dividends or if the dividends have already been paid, the penalty will be deducted from the principal.

**iii. Exceptions to Early Withdrawal Penalties.** At our option, we may pay the account before maturity without imposing an early withdrawal penalty under the following circumstances: when an account owner dies or is determined legally incompetent by a court or other body of competent jurisdiction. Where the account is an Individual Retirement Account (IRA) and any portion is paid within seven (7) days after establishment or where the account is an IRA and the owner attains age 59½ or becomes disabled and begins making periodic withdrawals.

**d. Renewal Policy.**

Certificate accounts are automatically renewable. After the certificate matures, you have a grace period of 10 days in which to withdraw the funds without penalty.

**e. Nontransferable/Nonnegotiable.**

Your account is nontransferable and nonnegotiable. The funds in your account may not be pledged to secure any obligation of an owner, except obligations with the Credit Union.

**8. Fees for Overdrawing Accounts**

Fees for overdrawing your account may be imposed on each check, draft, item, ATM transaction and one-time debit transaction (if you have consented to overdraft protection for ATM and one-time debit card transactions), debit card point of purchase, preauthorized automatic debit, telephone initiated withdrawal or any other electronic withdrawal or transfer transaction that is drawn on an insufficient available account balance. The entire balance in your account may not be available for withdrawal, transfer or paying a check or item. You may consult the Funds Availability Disclosure for information regarding the availability of funds in your

account. Fees for overdrawing your account may be imposed for each overdraft, regardless of whether we pay or return the check, draft, item or transaction. If we have approved an overdraft protection limit for your account, such fees may reduce your approved limit. Please refer to the Fee Schedule for current fee information. For ATM and one-time debit transactions, you must consent to the Credit Union's overdraft protection service (Courtesy Pay) in order for the transaction amount to be covered. Without your consent, the Credit Union may not authorize and pay an overdraft resulting from these types of transactions. Services and fees for overdrafts are shown in the Fee Schedule and the Overdraft Services and Fees Disclosure.

**9. Membership**

As condition of membership, you must purchase and maintain the minimum required share(s).

**Par Value of One Share.....\$5.00**  
**Number of Shares Required.....1**
